MAHIR AFSHAR ROHAN

Aspiring Frontend / React Developer | Entry-Level Full-Stack Developer

+8801874105670 | mahirafsher333@gmail.com | github.com/mahir-afshar | linkedin.com/in/mahir-afshar-rohan

PROFESSIONAL SUMMARY

Entry-level web developer building practical web applications with React, TypeScript, Next.js, and Tailwind CSS. Experienced through personal and learning projects in creating responsive interfaces, reusable components, managing UI state, and integrating API-driven data. Seeking junior frontend or full-stack opportunities while continuing to develop practical skills.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, responsive design, reusable components

API & Data: REST API integration, JSON

Tools: Git, GitHub, Vite, Visual Studio Code

PROJECTS

Dev Stack Builder | React, TypeScript, Vite, Tailwind CSS

• Built a responsive interface for exploring web technologies and assembling a personal development stack.
• Worked with technology cards, category-based data, selected-stack state, and add/remove interactions.
• Focused on reusable components, responsive layouts, and toast notifications for user feedback.

Live Demo: b14-assignment05.netlify.app | GitHub Profile: github.com/mahir-afshar

Fit Log | Next.js, REST API integration

• Developed a fitness-focused application interface for browsing workouts and accessing workout-detail routes.
• Practiced connecting pages to a REST API and implementing a UI based on a Figma design.
• Worked on routing, page composition, and responsive interface implementation.

DevConf 2026 Landing Page | HTML5, CSS3

• Created a conference-style landing page with structured content, navigation, and responsive styling.
